# EXPLORE JAPAN

in Northern Indianapolis

COOK JAPANESE . . . WRITE JAPANESE . . . STUDY JAPANESE . . . EAT JAPANESE . . . PLAY JAPANESE . . . & MORE!

This summer, pack your backpack for a whirl-wind tour of Japan! Enroll your child in the Kanji Camp program that launched our year round classroom. A seasoned and every changing program, Kanji Camp is an opportunity for students to learn, brush up, maintain or improve your Japanese skills, while discovering the unique culture of Japan.

Join us to speak Japanese and study basics of Japanese culture and society. We will study Japanese conversation, Kanji characters and learn about the Japanese writing system. Students engage in daily hands on learning opportunities and Japanese activities. Our instructors and volunteers are Japanese with years of expertise and they are supported by veteran bilingual American assistants.

Kanji Camp offers unique educational programming!

Students will explore historic Japanese culture and social etiquette, discovering geography, history and traditional values of the brave samurai. Our exciting camps explore Japanese culture through:

- anime
- calligraphy
- crafts
- karate
- manga
- music
- and more . . .

Students of all interests in Japan are welcome.  
In photo at right we explore Japanese drama!

July 2009 Children's Summer Camp, "A Japanese Tale", the original bilingual musical.

**Japanese Summer Camp for Children ages 8-15**
